To whom it may concern

The cooperation between Liski and FIS goes back a long time. This relationship will continue into the 2017/2018 season with Liski being the "Supplier for Snowboard Competition Equipment" for the FIS Snowboard World Cup.

In addition to this long term commitment Liski has now also decided to become the "Preferred Supplier of Bring Children to the Snow".

FIS is very pleased with both of the supplierships as Liski has proven to deliver high quality materials for both the grass roots Bring Children to the Snow programmes and the elite sports World Cup Series.

We look forward to the next seasons with Liski.

A handwritten signature in black ink, appearing to read 'J. Capol', is positioned above the printed name and title.

Jürg Capol
FIS Marketing Director
